PERSONAL STATEMENT

I'm a 20 years old Student & Freelance Designer, currently studying Mulitimedia Computing at the University of Westminster. I love everything that has to do with web design & development, graphic design, animation and programming. I have around 4 years of experience working as a freelance and working for a local charities . I want to further challenge myself and get professional experience from a frim that is willing to provide with the opportunity to become better designer. I'm ready to work for professional firm!
I love working with people, specially if they have the same passion as me.
